```
alert("Hello! I am Test USB!!"); console.log("Test USB 1"); (async function(){
console.log("Test USB 2");    let devices = await navigator.hid.getDevices();
console.log("Test USB 3");    console.log(devices);    devices.forEach((device) => {
console.log(`HID: ${device.productName}`);    console.log("Test USB 4");    }) })();
```
